OCCUPATION 101

Voices of the Silenced Majority

The Ireland Palestine Solidarity Campaign is proud to announce the screening of the European Premiere of the critically acclaimed multi-award winning documentary *Occupation 101*. We will be showing it on Tuesday 6th November at 7.30pm in the Liberty Hall Theatre, Eden Quay, Dublin. The film will be followed by a question and answer session with the writers and directors Sufyan and Abdallah Omeish.

The film is a thought-provoking and powerful documentary on the current and historical root causes of the Israeli-Palestinian conflict. Unlike any other film ever produced on the conflict, *Occupation 101* presents a comprehensive analysis of the facts and hidden truths surrounding the never ending controversy and dispels many of its long-perceived myths and misconceptions.

The film also details life under Israeli military rule, the role of the United States in the conflict, and the major obstacles that stand in the way of a lasting and just peace. The conflict's roots are explained through interviews with leading scholars, peace activists, journalists, religious leaders and humanitarian workers whose voices have too often been suppressed in mainstream media outlets.

The film covers a wide range of topics, including; the first wave of Zionist immigration from Europe in the 1880's; the 1920 tensions; the 1948 war; the 1967 war; the first 1987 Intifada; the Oslo Peace Process; settlement expansion; the second Intifada; the apartheid wall; and the Israeli 'withdrawal' from Gaza, as well as many heart wrenching testimonials from victims of this tragedy.

This is a must-see film for anyone interested in the ongoing conflict between Israel and the Palestinians. Copies of the DVD will be available for purchase.
